### Community Garden – Work Days

The library is sponsoring a community garden this summer. We are hoping to have produce available for members of the community. Check the library Facebook page and the community board for available produce.

**Weather permitting, we will be working in the garden at 8:30 on Mondays, Thursdays and Saturdays throughout the month of June.** We will be weeding, watering, mulching and harvesting on those days.

**Please check with the library before entering the garden. We are tracking how much the garden produces and how long it takes to grow things. We appreciate your help with this.**
